To have access to the computer network at St Bede's Primary School with a personal iPad you need to follow these agreed practices, in addition to having agreed to the conditions in the Acceptable Use Agreement for use of your school's computer facilities and external networks. - Only access the Internet at school through the school's wireless network.
- Follow all instructions given by a teacher about my personal electronic device, including turning off the device or handing over the device to the teacher on request, and only using school approved applications on the device when at school.
- Be responsible for maintaining my personal electronic device, including keeping the battery charged, and updating and downloading apps pushed out via the school management system (with the assistance and permission of my parents).

I will not

- Whilst at school lend my device to others and I will ensure that it is stored securely when not in use.
- Whilst at school use my device to take photographs or record video or sound without the permission of a teacher and all the people being photographed or recorded.
